

PPC myHomeOpen is the new Variable electricity product with a **12-month contract duration**, a **single energy rate** and more **favourable charges** for high consumption and for customers with or without a night meter, **without exit fees**. Under PPC myHomeOpen you ensure:

- More favourable charges for high consumption
- Energy Charges without consumption tiers
- 2% Discount on the supply charges in case of automatic bill payment with standing order
- Flexibility with a 12-month contract duration, without exit fee

SUPPLY CHARGES

Fixed Fee (€/month)	5.0
Basic Supply Price (€/kWh)	$1.16 * TEA + 0.04000$

Where,

TEA is equal to the arithmetic mean of the Day-Ahead Market Clearing Price of period t (where t is the consumption period of the bill), published on the website of the Hellenic Energy Exchange (<https://www.enexgroup.gr/el/markets-publications-el-%20day-ahead-market>)

Clarifications

- The fixed fee is calculated proportionally by applying the coefficient $A = \text{billing days} / 30 \text{ days}$
- In case of automatic bill payment with standing order a discount of 2% on the supply charges shall apply.

Regulated Charges without Hourly metering¹

The Regulated Charges are approved by the State and apply to all customers using the National Electricity System, irrespective of the supplier selected
