

**PPC myHomeOnline** is the new innovative product of PPC addressed to residential customers, irrespective of their meter type they own. With **PPC myHomeOnline** you get:

- Digital and monthly bill through the e-bill service
- Commission charges without consumption tiers
- A low single fixed fee
- Energy charges with no tiered billing
- Fixed prices, with no readjustment mechanisms
- Automatic payment of bills by standing bank order via debit or credit card
- Flexibility with a 12-month contract duration

#### **PROMOTIONAL DISCOUNT**

- 30€ discount on the first bill

#### **Supply Charges**

Supply charges includes the cost and other PPC expenses for supplying customers with electricity.

<b>Consumption (kWh)</b>	<b>Energy charges (€ / kWh)</b>	<b>Fixed Fee (€/month)</b>
All day kWh	0.22900	1.0
All night kWh <i>(for customers with night meter)</i>	0.17600	

#### **Clarifications**

- **PPC myHome Online** concerns a period of one month (specifically 30 days). If the meter reading concerns a different period, then the fixed fee is calculated proportionally using the coefficient  $A = \text{billing days} / 30$  days.
- **PPC myHomeEnter is also provided to beneficiaries of the Social Residential Tariff, Solidarity Services Tariff and to Vulnerable Customers as well to customers with an active Net Metering Agreement with PPC.**
- Based on the legal framework as applicable, PPC along with the electricity bills, also collects fees, taxes [VAT, Excise Duty and Special Duty 5%] and charges on behalf of third parties (Municipal Fees, Municipal Taxes, ERT (Hellenic Broadcasting Corporation Societe Anonyme), Real Estate Tax), as defined by the State.

## Regulated Charges<sup>1</sup>

Regulated Charges are approved by the State and apply to all customers, irrespective of the supplier selected.

Consumption (kWh)	Transmission System		Distribution Network		Other Charges (€/kWh)	ETMEAR* (€/kWh)	SGI (€/kWh)
	Capacity Charge €/kVA*CC/year	Energy Charge €/kWh	Capacity Charge €/kVA*CC/year	Energy Charge €/kWh			
Regulated Charges for Day Consumption							
The first 1600 (0-1600)	0.13	0.0056	0.52	0.0213	0.00007	0.017	0.0069
The next 400 (1601-2000)							0.0500
All the rest (2001 and above)							0.0850
Regulated Charges for Night & Off-Peak Zone (for customers with night meter)							
The first 1600 (0-1600)	-	-	-	-	0.00007	0.017	0.0069
The next 400 (1601-2000)							0.0150
All the rest (2001 and above)							0.030

**Chargeable Capacity:** The contractual capacity (CC) of the supply

<sup>1</sup> Effective term of charges: Transmission System from 1.8.2021, Distribution Network from 1.4.2020, Other Charges from 01.12.2016, Special Duty of Greenhouse Gas Emissions Reduction (ETMEAR) from 1.1.2019 & Services of General Interest (SGI) from 1.1.2018.
