

## FINANCIAL SUPPORT FOR THE PURCHASE OF HEAT PUMPS

### TERMS FOR GRANTING FINANCIAL SUPPORT

#### 1. Condition for granting financial support for the purchase of heat pumps

Financial support for the purchase of Heat Pumps is granted to residential customers with an active supply contract with the Supplier PPC S.A. for any residential electricity product.

The provision of financial support shall be conditional on the purchase of a heat pump from PPC's partners in the MyEnergyHeat Pump Programme and the submission of the heat pump purchase invoice, as well as the certificate of participation in the financial support programme for the purchase of the heat pump.

#### 2. Amount of Financial Support & Mode of Providing Financial Support

The financial support for the purchase and installation of a heat pump to increase energy efficiency in end-use amounts to EUR 500.

The financial support shall appear in the form of a credit on the first Electricity Bill to be issued after the submission of the supporting documents referred to in Term 1 herein and shall appear as "Heat Pump Reward".
