- PPC **myHomeEnter+** concerns a period of one month (specifically 30 days). If the meter reading concerns a different period, then the fixed fee is calculated proportionally using the coefficient $A = \text{billing days} / 30 \text{ days}$.
- PPC **myHomeEnter+** is also provided to beneficiaries of the Social Residential Tariff, Solidarity Services Tariff and to Vulnerable Customers as well to customers with an active Net Metering Agreement with PPC with the exception of a 5% consequence discount on the supply charges of their bills during the entire contract period.
- Based on the legal framework as applicable, PPC along with the electricity bills, also collects fees, taxes [VAT, Excise Duty and Special Duty 5 %] and charges for third parties (Municipal Fees, Municipal Taxes, ERT (Hellenic Broadcasting Corporation Societe Anonyme), Real Estate Tax), as defined by the State
