

GreenPass^{Pro}

For business customers, PPC offers coverage of their consumption with Guarantees of Origin from RES generation of PPC through a new energy service, the **GreenPass^{Pro}**.

GreenPass^{Pro} is an add-on service which can be combined with all the electricity supply products for professionals made available by PPC.

GreenPass^{Pro} Service Charge

The first 500 kWh/month	3 €/month
All the rest	0.002 €/kWh

Promotional Discount

First 500kWh free of charge for 3 months

The GreenPass Pro charge for the first 500 kWh concerns a period of one month (specifically 30 days). If the meter reading concerns a different period, then the charge is calculated pro rata, using the coefficient $A = \text{days of consumption period} / 30 \text{ days}$.

The price does not include VAT 6%.
