

Basic Pricing: What is it?

After the expiration of the Fixed Price Product you have chosen and until you choose a new product for your electricity supply, you will be billed with the Basic Pricing which consists of a fixed charge, a Basic Supply Price, which depends on the cost of energy as this is formulated in Hellenic Energy Exchange, as well as the applicable regulated charges

More specifically, the Supply Charges (Competitive Part) are as follows

Fixed Fee (€/month)	5.0
Basic Supply Price (€/kWh)	
1.19 * TEA + 0.04000	

Where,

TEA is equal to the arithmetic mean of the Day-Ahead Market Clearing Price of period t (where t is the consumption period of the bill), published on the website of the Hellenic Energy Exchange (<https://www.enxgroup.gr/el/markets-publications-el-%20day-ahead-market>)

Clarifications

- The fixed fee is calculated pro rata using the coefficient A2 = number of billing days / 30 days
- 2% discount on the fixed fee and the basic supply price in case of automatic bill payment by standing order

Regulated Charges without Hourly Metering¹

The Regulated Charges are approved by the State and apply to all customers using the National Electricity System, irrespective of the supplier they have selected

Maximum Power Capacity for the Transmission System:

The Debt Capacity for the Transmission System shall be calculated as the average of the eighty (80) maximum 15-minute maximum consumptions (MWh) in the respective Maximum System Demand periods during the Consumption Period, multiplied by 4.

The Maximum System Demand Periods from 01.01.2026 are as follows:

- For the months from **November to January** the hours 17:00 to 22:00 on working days
- For the months from **February to March** the hours from 18:00 to 23:00 on working days
- For the months from **April to August** the hours 19:00 to 24:00 on working days
- For the months from **September to October** the hours from 18:00 to 23:00 on working days

Distribution Network Charges for Consumers with Hourly Metering:

Network Peak Load Periods (Working Days)						
Starting Date	Expiration Date	Starting Time	Expiration time	Starting Time	Expiration Time	Number of hours per Day
January 1st	February 15th	11:00	14:00	18:00	21:00	6
