

GreenPass

Green Pass Energy Service for Residential Customers

TERMS AND CONDITIONS

1. The Terms and Conditions governing the Green Pass energy service for residential customers shall mean the terms included in the Application and in the Electricity Supply Contract signed between the customer and the Supplier PPC S.A., as well as the following Terms related to the selection by the Customer of the Green Pass energy service which supersede any opposite general terms.
2. PPC S.A. holds a Guarantees of Origin Account bearing the unique Identification Number DSX1000008 in the Registry of Guarantees of Origin kept by the Renewable Energy Sources & Guarantees of Origin Operator (DAPEEP S.A.) for the cancellation of the Guarantees of Origin (GO) in accordance with those provided for in Law 3468/2006 and in the ministerial decision No D6/Φ1/οικ.8786/06.05.2010, NOG issue 646 volume B'/14.05.2010.
3. A guarantee of origin is an electronic document centrally regulated by the EU Renewable Energy Directive (article 15 of Greek Law 3468/2006), which has the sole function of demonstrating to a customer that a given share or quantity of energy was produced from renewable sources. In particular, each guarantee of origin is an electronic certificate of 1 MWh standard size, with a lifetime of 12 months.
4. When a customer chooses Green Pass energy product, PPC S.A. cancels on behalf of the customer an amount of Guarantees of Origin from RES electricity production that equals the consumption of his/her home.
5. The date of activation of the Green Pass by PPC is the date of signature of Green Pass energy product Terms and Conditions by the Customer.
6. The Customer may activate the Green Pass at any time after he/she starts being represented by the Supplier PPC S.A.
7. The validity period of the terms of the Green Pass will be 365 days as from the signing of the Special Terms, unless a) the Electricity Supply Contract signed between the customer and the Supplier PPC S.A. is terminated in any way whatsoever, b) until the customer submits to the Supplier PPC S.A. a relevant request for the termination of the Green Pass, but not before at least one month has elapsed from the date of activation of these terms.
8. After the expiry of the initial validity period of 365 days of the terms of the Green Pass, these terms may be renewed automatically on an annual basis pursuant the terms of the Green Pass for residential customers as applicable and published each time.

9. The Customer will be notified of the forthcoming expiry of the terms of the energy service via notification in a special field of the electricity bill or via e-mail which will refer to the Supplier's website for more information, while at the same time the Customer will be reminded of his/her right to terminate the Green Pass energy.
10. Upon activation of the terms of the Green Pass, charges are applied on a monthly basis according to the Pricelist of PPC, as published on its website on a monthly basis. This monthly fee is included in the electricity bill issued in accordance with the Supply Contract signed between the Customer and the Supplier PPC S.A. In the event that the electricity bill being issued does not correspond to the period of one month, the Green Pass charge will be calculated in proportion to billing days/month.

The Special Terms are Informative text. The Greek version is the binding.
